

Recreation Commission

Director: Sean Timmons
Secretary: Christine Sacco
Board Members: Christine Gargano, Chairperson
Joe Tringale, Anthony Longo, Jeanne Stinson,
Dan Crowley, Rich Stevens, Sue Hickey, Cy Bode

Funding

Recreation programs are self-supported by setting user fees to cover all expenses. The Recreation Director sets the fees with the approval of the Recreation Commission, based on the cost of operating each class individually. Classes requiring more supplies and equipment, or specially trained instructors, will reflect those additional expenses in their enrollment fees.

Enrollment

All programs require a high level of coordination, including facility scheduling, staffing, and the purchase of supplies. It is imperative that individuals sign up for programs early enough for the staff to plan for their participation. Please do not wait until the last minute to sign up for programs. Please coordinate your selections with your child's interests in mind. Refunds cannot be given when a child does not like the class or chooses not to participate. Refunds cannot be given for participants who do not attend the class for any reason other than cancellation by the Recreation Department. In the event of rain, make-up situations will be determined on an individual basis. Non-resident registrations are accepted in some programs if space is available for an additional payment of \$10.00. Non-residents are accepted only after enrollments have been completed for residents. The Recreation Department may have to cancel a class if there is not sufficient enrollment to make that class feasible.
